Pertinent Code

Article 12-3B-9A Grounds for Variance

The Board of Adjustment, upon application, and after hearing, and subject to the procedural and substantive standards hereinafter set forth, may grant such variance from the terms of this title as will not cause substantial detriment to the public good or impair the spirit, purposes and intent of this title or the comprehensive plan, where, by reason of exceptional narrowness, shallowness, shape, topography, or other extraordinary or exceptional situation, condition, or circumstance peculiar to a particular property, the literal enforcement of this title will result in unnecessary hardship. The Board shall not vary any jurisdictional requirement, such as notice.

Article 12-3B-9C Hearing: Board Action,

The Board shall hold the hearing and, upon the concurring vote of three members, may grant a variance after finding:

1. That, by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of this title would result in unnecessary hardship.
2. That such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district.
3. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this title or the comprehensive plan.
4. That the variance, if granted, would be the minimum necessary to alleviate the necessary hardship.

Provided, that the Board, in granting a variance, shall prescribe appropriate conditions and safeguards, and may require such evidence and guarantee or bond as it may deem necessary to enforce compliance with the conditions attached.

Article 12-3B-9D Time limitation.

A variance which has not been utilized within one year from date of the order granting the variance shall thereafter be void, provided that the Board has not extended the time for utilization. For the purpose of this subsection, the term "utilization" means actual use or the issuance of a building permit, when applicable, provided construction is diligently carried to completion.

The City's legal standard in Zoning Code Section 2170.3 is based on Oklahoma state statute legal standard in 11 O.S. 11 O.S. §44-107:

BOARD ACTION

The Board of Adjustment may vote to approve the variance, vote to deny any variance, or vote to approve the variance with conditions. The Board of Adjustment may consider the following actions;
