6. KELLY CROSSING – SKETCH PLAN

Review conceptual Sketch Plan submitted for Kelly Crossing, a proposed subdivision within the City of Coweta, as part of Planned Unit Development (PUD-R 24-02). The proposed subdivision is approximately 79.445 acres with 421 lots. Located in Section 33, Township 18 North, Range 15 East, of the Indian Base and Meridian, Wagoner County, State of Oklahoma. The land is zoned Residential Single-Family (RS-3).

Discussion: Commissioners had concerns about the length of South 236th East Avenue and had suggestions of possible speed bumps, extra stop signs, or more bump outs. Megan Pasco, Tanner Consulting, responded they could look at putting more bump outs to help with traffic flow.

7. COWETA’S FOOD TRUCK PARK

Discuss the design and implementation of a Food Truck Park for the City of Coweta.

Discussion: Commissioners discussed ideas to enhance the Food Truck Park such as having play areas, restrooms, making sure it is handicapped accessible, and having set days and times. They also discussed concerns about noise pollution, who would be responsible for planning events, and the stage /shelter estimate seemed high.

8. COWETA’S COMMUNITY GARDENS

Discuss the design and implementation of a Community Garden for the City of Coweta.

Discussion: Commissioners gave suggestions as to what they would like to see in the Community Gardens including fencing with a code to enter, compost area, possible video

cameras and a Master Gardener. They also discussed having a barter system, scholarships to those who might not be able to lease a bed/plot, and who would take care of the garden on a daily basis?

ADJOURNMENT

The meeting was adjourned by Community Development Director Carolyn Back at 6:47 PM.

Memorandum

To: Honorable Chair and Planning Commissioners
From: Carolyn Back, Community Development Director
Re: **PUD-R 25-02 THE COURTYARDS OF COWETA**
Date: July 21, 2025

BACKGROUND

Tanner Consulting is seeking approval of a Planned Unit Development (PUD-R 25-02) on the southeast corner of 151st Street South and South 289th East Avenue to allow for the development and construction of The Courtyards of Coweta, a Residential Single-Family Subdivision within the city limits of Coweta.

The property is located in Section Nineteen (19), Township Seventeen (17) North, Range Sixteen (16) East, Coweta, Wagoner County, Oklahoma, on 4.637 acres.

Zoning: Residential Single-Family (RS-3)

Adjacent Zoning:

North: Residential Single-Family (RS-3)

East: Residential Single-Family (RS-3)

South: Residential Single-Family (RS-3)

West: Residential Single-Family (RS-3) The Planning Commission usually receives applications for Rezoning and PUDs together in the same application. This property is already zoned RS-3 Residential Single-Family.

The Courtyards of Coweta plan to build two-story single-family detached homes in a niche, urban-style infill neighborhood. The homes are designed to be close to the street for residential access from sidewalks, with vehicular access primarily by alley-accessed garages. The eastern section of the homes will have garages facing the street but set back to ensure driveway parking clears the sidewalks for pedestrians. Pocket parks are proposed within the PUD, along with extra off-street parking for guests.

The site has access to 289th East Avenue and 151st Street South, and the curved street which connects the two streets. The two entrances into the Courtyards of Coweta will have their own landscaped entry with neighborhood identification signage.

Utilities:

Sanitary sewer and public water service for the proposed development will be served by the City of Coweta. AEP-PSO, ONG, Cox Communications, and Windstream/Kinetic are either onsite or adjacent and available by extension.

Density:

Depending on scale, the same density may look and feel quite different. Good design employs scale as a way to make denser development feel comfortable and look appealing while capturing the benefits it brings to the public realm. Design can help a project capture the benefits of greater density while giving it a scale that feels appropriate. This is accomplished in many different ways, such as extending the surrounding neighborhood fabric into the site by employing similar building materials, maintaining a single-family street presence, designing comparable single-family rooflines and floor-to-floor heights, and making transitions in scale that reflect or complement nearby buildings.

The Coweta Comprehensive Plan designates the site as "Residential Low" which supports a maximum of eight (8) dwelling units per acre. The Courtyards of Coweta is 4.637 acres and will have 8.63 dwelling units per acre with a maximum density of 40 dwelling units for the overall acreage of the site. This density aligns with what is already allowed in RS-3 zoning based on the tract area and the 5,000 SF minimum lot area in the RS-3.

From: Carolyn Back, Community Development Director

Re: **REZONE CZ 25-04 / PUD-R 25-01, 121ST STREET SOUTH & 225TH EAST AVENUE**

Date: July 21, 2025

BACKGROUND

The applicant applied for a Rezone with a Planned Unit Development (PUD-R 25-01) on May 16, 2025.

On June 2, 2025, after hearing public comment, the Coweta City Council approved the applicant's request for annexation of 160-acres into the city limits of the City of Coweta with a vote of 3-2-0. The emergency clause did not pass; therefore, the Annexation takes effect on July 2, 2025.

Rezone with Planned Unit Development (PUD) Request

Tanner Consulting, for the property owners Hughes Family Trust, is seeking to amend the zoning map for the subject 160-acre parcel located in the Southwest Quarter (SW/4) of Section Thirty-Three (33), Township Eighteen (18) North, Range Fifteen (15) East of the Indian Base and Meridian, Wagoner County, State of Oklahoma. The property is located at the northeast corner of East 121st Street South and South 225th East Avenue. The request is to rezone the property from Agriculture (AG) to Residential Single-Family (RS-3) with a Planned Unit Development (PUD-R 25-01) including Development Standards for the proposed Development. This rezone will allow for the development and construction of the proposed, Residential Single-Family Subdivision within the city limits of Coweta.

Sanitary sewer and water service for the proposed development will be served by Wagoner County Rural Water District #5.

Adjacent Zoning:

North: Agricultural (AG)

East: Residential Single-Family (RS-3) with a PUD
South: Agricultural (AG)
West: Agricultural (AG)

A rezoning request must determine whether the proposed land use, if implemented, would be compatible with the surrounding area in the manner contemplated by the Comprehensive Plan.

The Coweta Comprehensive Plan, "Coweta 2020-2030", has no designation for the Subject Property. Coweta 2020-2030, which updated the 1994-2020 plan, removed designations from unincorporated areas within the "Fenceline", including the Subject Property. The previous plan designated the Subject Property as "Low Intensity," which at the time supported a maximum of 9 dwelling units per acre. The exception was a "Medium Intensity" node at the intersection of 121st Street South and 225th E. Ave., allowing more intensive residential districts such as RD, RM-1, and RMH, along with certain office and commercial districts.

121st St. S. & 225th E. Ave

I. DEVELOPMENT CONCEPT

“121st St. S. & 225th E. Ave.” is a proposed single-family Residential Planned Unit Development (PUD-R 25-01) consisting of approximately 160 acres of undeveloped land located at the northeast corner of East 121st Street South and South 225th E. Ave. (the “Subject Property”). The Subject Property is currently zoned AG in unincorporated Wagoner County. The owner has requested the Coweta City Council annex the property, which process is pending at the time of this PUD.

The heart of “121st St. S. & 225th E. Ave” is an approximately 21-acre linear park, which will provide stormwater drainage and detention. The linear park stretches entirely from the east line to 225th East Avenue and will be connected with walking trails around detention ponds and existing drainageways. Another large open space park and drainage/detention area, approximately three (3) acres in size, is planned at the northwest site corner, and will also include walking trails.

“121st St. S. & 225th E. Ave.” features two (2) distinct neighborhood types: The larger area includes lots typically 50’ to 60’ in width by 120’ in depth, and the smaller development areas along 121st Street South include lots typically 40’ by 120’. At least two (2) phases are proposed, and each phase may contain a share of the neighborhood types.

By its design, “121st St. S. & 225th E. Ave.” provides the benefits of efficiency, economy, and flexibility by encouraging unified development of the site, while also obtaining the advantages of creative site design, improved appearance, compatibility of uses, optimum service by community facilities, and better functioning of vehicular access and circulation.

Area Zoning and Use Context. The surrounding area is primarily zoned AG and is rural residential and agricultural. Northeast of the property is the “Oneta Farms” single-family subdivision zoned RS-3 in unincorporated Wagoner County. The planned “Kelly Crossing” subdivision adjoins the east side. It was recently annexed by the City of Coweta and rezoned to RS-3 with PUD-R 24.02. The “Prairie Haven” single-family subdivision adjoins to the southeast, and the “Remington Trails” subdivision is to the northwest zoned RS-1 in unincorporated Wagoner County.

To facilitate the proposed PUD, an underlying rezoning application additionally proposes to rezone the property from AG to RS-3.

Utilities. Sanitary sewer and public water service for the proposed development will be served by Wagoner County Rural Water District #4. In cooperation with the Water District, a larger, regional sanitary sewer lift station and forcemain has been planned on the residential development tract across 225th E. Ave. to the west, which is also proposed to be developed but in unincorporated Wagoner County. This regional system will serve the residential development tract to the west, the current site, “Kelly Crossing”, “Oneta Farms”, and likely other properties. AEP-PSO, ONG, Cox Communications, and Windstream/Kinetic are either onsite or adjacent and available by extension.

121st St. S. & 225th E. Ave

Access and Circulation. The site has ½ mile of frontage along 121st Street South and ½ mile of frontage along 225th East Avenue. Each entrance along 121st Street South and 225th East Avenue will have its own landscaped entry with neighborhood identification signage. The design proposes to connect to all three (3) stub streets planned in “Kelly Crossing” to the east.

Comprehensive Plan. Coweta Zoning Code Section 1660 Intensity of Use provides that PUD intensities should not exceed that which is supported by the Comprehensive Plan.

The Coweta Comprehensive Plan, “Coweta 2020-2030”, has no designation for the Subject Property. Coweta 2020-2030, which updated the 1994-2020 plan, removed designations from unincorporated areas within the “Fenceline”, including the Subject Property. The previous plan designated the Subject Property as “Low Intensity,” which at the time supported a maximum of 9 dwelling units per acre. The exception was a “Medium Intensity” node at the intersection of 121st Street South and 225th E. Ave., allowing more intensive residential districts such as RD, RM-1, and RMH, along with certain office and commercial districts.

The Wagoner County Comprehensive Plan designates this area as Intensity Levels II and III. Under certain interpretations, at least 797 DUs could be permitted. Alternatively, Level II supports “office buildings” and “neighborhood commercial uses” and Level III (approximately 40 acres) supports “smaller lots, townhomes, and mobile home parks are appropriate inside corporate limits or areas with planned annexations. Multi-modal transportation facilities, offices, and community level shopping may occur. Community level sports fields may be appropriate.” These uses would be more intensive than that which is proposed by this PUD.

This proposed development will have a maximum density of 780 dwelling units, or 4.69 dwelling units per acre, per restrictions set forth by the development standards. Thus, this PUD should be considered in accordance with Coweta Zoning Code Section 1660.

Coweta 2020-2030, provides:

“Over time, the City Limits should incrementally include areas for potential income generating land use in the area between the current city limits and the Muskogee Turnpike, partially in response to existing water and sewer infrastructure. New areas for residential growth should be considered for annexation primarily to ensure quality of development.”

With public water and public sewer, “121st St. S. & 225th E. Ave.” will generate new economic development and income for Coweta through job growth, increased local sales taxes, increased bonding capacity and applicable millage rates, sales taxes and permitting fees for initial home construction, and ongoing sales and use taxes for online purchases by new Coweta residents. Annexation further supports the policies, goals, and objectives of the Coweta Comprehensive Plan by allowing the City of Coweta to guide development design and ensure the quality of development.

Landscaped entries shall be constructed at each intersection with East 121st Street South and South 225th East Avenue.

STREETS: Internal streets will be minor, local residential streets and are proposed to be public. However, all neighborhoods will have the option of private, gated streets, per this PUD. Any private streets shall be maintained by a mandatory Homeowners’ Association. Whether public or private, streets will be constructed to meet the minimum standards of the City of Coweta for minor public streets; provided, however, the City of Coweta may approve alternative street design standards through platting including, but not limited to, private, gated streets with reduced right-of-way width and no sidewalks, or sidewalks on one side of the street. Any divided, boulevard-style streets separated by private landscaped islands may have one-way lanes meeting right-of-way width requirements in aggregate and shall otherwise be constructed to meet the minimum standards determined by the City of Coweta during the platting stage. Any gates serving private streets or drives will be designed according to the Fire Code adopted by the City of Coweta and be approved by the Coweta Fire Marshal during the platting stage.

121st St. S. & 225th E. Ave

FENCING: A uniform neighborhood perimeter fence shall be installed along the south and west boundaries, and shall be integrated with the landscaped entries. The neighborhood perimeter fence shall be placed within a Fence Easement and the Homeowners' Association shall be responsible for the maintenance thereof. All fences within the proposed development shall be constructed in accordance with the requirements of the Coweta Zoning Code.

SIGNAGE: One (1) neighborhood identification monument-style ground sign shall be permitted at each street entrance. The maximum copy area height shall be 8 FT, the maximum copy area mounted height shall be 15 FT, and the maximum display surface area shall be 64 SF. If signage is included on both sides of the entry, the second sign shall be permitted, in which case the aggregate display surface area shall be restricted to 32 SF. Entry signage will be integrated with the landscaped entries and contained within Reserve Areas or easements to be maintained by the Homeowners' Association. Signage serving residential neighborhood amenities, appropriate for purpose and neighborhood scale, shall be permitted within Reserve Areas containing neighborhood amenities. Residential signage shall otherwise comply with the Coweta Zoning Code.

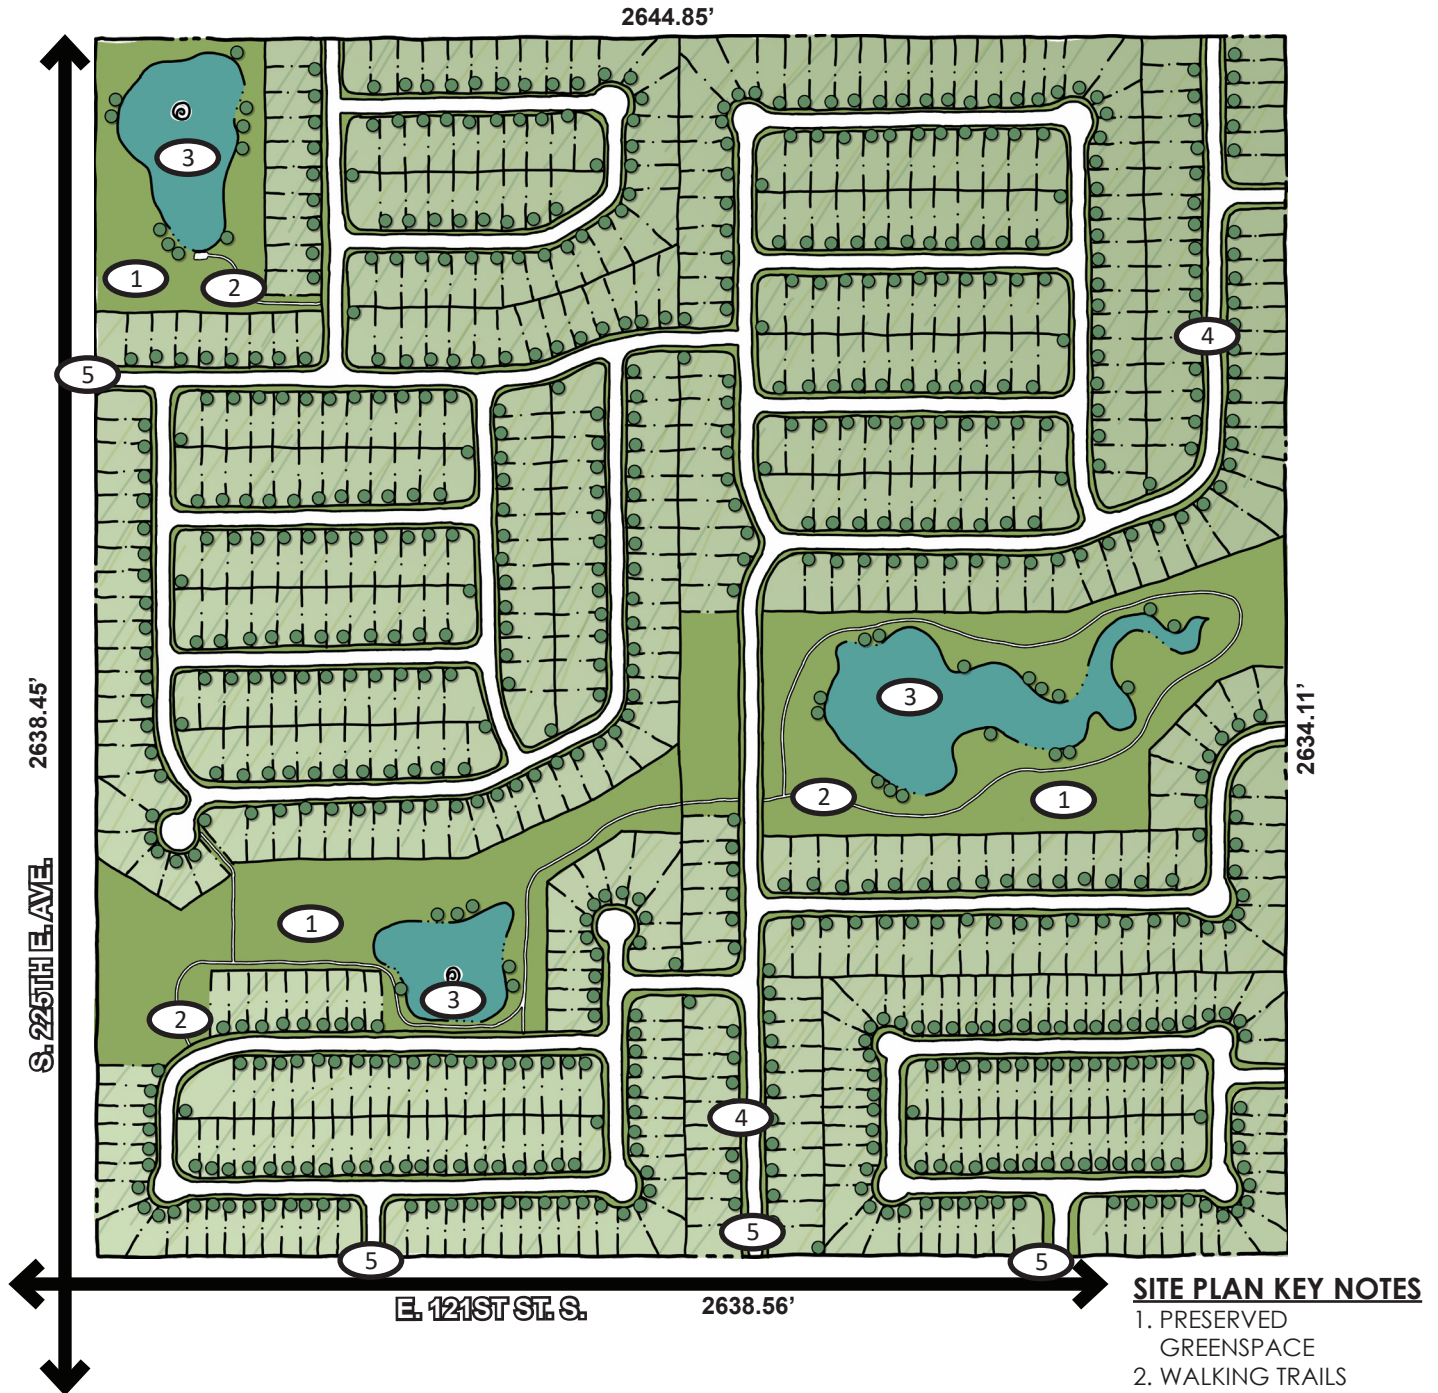

PLATTING AND SITE PLAN REQUIREMENTS: No building permit shall be issued until a subdivision plat has been submitted to and recommended upon by the Coweta Planning Commission and approved by the Council of the City of Coweta and duly filed of record. The required subdivision plat shall include covenants of record implementing the development standards of the approved PUD and the City of Coweta shall be a beneficiary thereof.

SCHEDULE OF DEVELOPMENT: Development of the project is expected to commence and be phased and completed as market conditions permit.

Memorandum

To: Honorable Chair and Planning Commissioners
From: Carolyn Back, Community Development Director
Re: **PUD-R 25-02 THE COURTYARDS OF COWETA**
Date: July 21, 2025

BACKGROUND

Tanner Consulting is seeking approval of a Planned Unit Development (PUD-R 25-02) on the southeast corner of 151st Street South and South 289th East Avenue to allow for the development and construction of The Courtyards of Coweta, a Residential Single-Family Subdivision within the city limits of Coweta.

The property is located in Section Nineteen (19), Township Seventeen (17) North, Range Sixteen (16) East, Coweta, Wagoner County, Oklahoma, on 4.637 acres.

Zoning: Residential Single-Family (RS-3)

Adjacent Zoning:

North: Residential Single-Family (RS-3)

East: Residential Single-Family (RS-3)

South: Residential Single-Family (RS-3)

West: Residential Single-Family (RS-3) The Planning Commission usually receives applications for Rezoning and PUDs together in the same application. This property is already zoned RS-3 Residential Single-Family.

The Courtyards of Coweta plan to build two-story single-family detached homes in a niche, urban-style infill neighborhood. The homes are designed to be close to the street for residential access from sidewalks, with vehicular access primarily by alley-accessed garages. The eastern section of the homes will have garages facing the street but set back to ensure driveway parking clears the sidewalks for pedestrians. Pocket parks are proposed within the PUD, along with extra off-street parking for guests.

The site has access to 289th East Avenue and 151st Street South, and the curved street that connects the two streets. The two entrances into the Courtyards of Coweta will have their own landscaped entry with neighborhood identification signage.

Utilities:

Sanitary sewer and public water service for the proposed development will be served by the City of Coweta. AEP-PSO, ONG, Cox Communications, and Windstream/Kinetic are either onsite or adjacent and available by extension.

Density:

Depending on scale, the same density may look and feel quite different. Good design employs scale as a way to make denser development feel comfortable and look appealing while capturing the benefits it brings to the public realm. Design can help a project capture the benefits of greater density while giving it a scale that feels appropriate. This is accomplished in many different ways, such as extending the surrounding neighborhood fabric into the site by employing similar building materials, maintaining a single-family street presence, designing comparable single-family rooflines and floor-to-floor heights, and making transitions in scale that reflect or complement nearby buildings.

The Coweta Comprehensive Plan designates the site as "Residential Low" which supports a maximum of eight (8) dwelling units per acre. The Courtyards of Coweta is 4.637 acres and will have 8.63 dwelling units per acre with a maximum density of 40 dwelling units for the overall acreage of the site. This density aligns with what is already allowed in RS-3 zoning based on the tract area and the 5,000 SF minimum lot area in the RS-3.

STAFF RECOMMENDATION

Staff requests Planning Commission make a recommendation to the City Council for approval of PUD-R 25-02 for The Courtyards of Coweta.

Re: **TSW PRESENTATION OF DRAFT SUBDIVISION REGULATIONS**
Date: July 21, 2025

BACKGROUND

The award of this contract went through a competitive bid process and TSW was awarded the contract by City Council on March 3, 2025. TSW hosted a kick-off meeting on March 14, 2025, with the City of Coweta to take in initial staff feedback to begin working on the draft to present to the Planning Commission. No Action will be taken. It is anticipated TSW will prepare the Final Draft to be placed on the August 18, 2025, Planning Commission Agenda for public hearing. After the public hearing, TSW will work on incorporating final modifications based on the August Planning Commission public hearing input, and aim for a September 8th, 2025, City Council hearing for their consideration.

Re: **REZONE CZ 25-04 / PUD-R 25-01, 121ST STREET SOUTH & 225TH EAST AVENUE**

Date: July 21, 2025

BACKGROUND

The applicant applied for a Rezone with a Planned Unit Development (PUD-R 25-01) on May 16, 2025.

On June 2, 2025, after hearing public comment, the Coweta City Council approved the applicant's request for annexation of 160-acres into the city limits of the City of Coweta with a vote of 3-2-0. The emergency clause did not pass; therefore, the Annexation took effect on July 2, 2025.

Rezone with Planned Unit Development (PUD) Request

Tanner Consulting, for the property owners Hughes Family Trust, is seeking to amend the zoning map for the subject 160-acre parcel located in the Southwest Quarter (SW/4) of Section Thirty-Three (33), Township Eighteen (18) North, Range Fifteen (15) East of the Indian Base and Meridian, Wagoner County, State of Oklahoma. The property is located at the northeast corner of East 121st Street South and South 225th East Avenue. The request is to rezone the property from Agriculture (AG) to Residential Single-Family (RS-3) with a Planned Unit Development (PUD-R 25-01), including Development Standards for the proposed Development. This rezone will allow for the development and construction of the proposed Residential Single-Family Subdivision within the city limits of Coweta.

Sanitary sewer and water service for the proposed development will be served by Wagoner County Rural Water District #5.

Adjacent Zoning:

North: Agricultural (AG)

East: Residential Single-Family (RS-3) with a PUD
South: Agricultural (AG)
West: Agricultural (AG)

A rezoning request must determine whether the proposed land use, if implemented, would be compatible with the surrounding area in the manner contemplated by the Comprehensive Plan.

The Coweta Comprehensive Plan, "Coweta 2020-2030", has no designation for the Subject Property. Coweta 2020-2030, which updated the 1994-2020 plan, removed designations from unincorporated areas within the "Fenceline", including the Subject Property. The previous plan designated the Subject Property as "Low Intensity," which at the time supported a maximum of 9 dwelling units per acre. The exception was a "Medium Intensity" node at the intersection of 121st Street South and 225th E. Ave., allowing more intensive residential districts such as RD, RM-1, and RMH, along with certain office and commercial districts.

The Planning Commission may make a recommendation of approval, approval with conditions, or denial of the Rezone and PUD request to the City Council. Staff recommends the Planning Commission make a recommendation of approval to the Coweta City Council of the Rezone and PUD request from (AG) to (RS-3) Residential Single-Family district with a (PUD) PUD-R 25-01.
